

KUNSTENFESTIVALDESARTS

VOLUNTEER WORK 2019

Do you want to contribute to the Kunstenfestivaldesarts? Are you frequently available during the month of May and do you want to attend performances? Are you eager to meet new people and to discover cultural hotspots in Brussels?

Then join our team of volunteers!

Note: French and/or Dutch language proficiency is required.

What?

Most tasks of the volunteer team are linked to the presentation of artistic projects: reception of the public, ticket control, being responsible for the cloakroom, helping at the bar, public support, etc. These are relatively simple tasks that are indispensable for a good course of the festival! In addition, there are also a number of more specific tasks per year in connection with certain artistic projects.

With whom?

We choose to work with a relatively small team (of about 30 people). We look for people who want to commit themselves during the 3 festival weeks (**from 10 May to 1 June 2019**) to get to know both the festival and each other. So we are asking for a big time investment to be able to really share this experience together! The idea is that you spend ten afternoons/evenings at the festival during these three weeks.

In exchange?

You have free access to each performance for which you help and you get drink vouchers that you can use at the Festival Center.

Getting prepared?

Are you interested? We can make an appointment to get to know each other and explain to you how the festival operates (availability, planning, communication, ...)

If you feel like getting to know the volunteer team before the festival, then this is possible! We organize a cultural activity once or twice a month. It is a way to keep in touch throughout the year and for some to practice a second language (NL/FR) in groups.
